

REGIONAL CENTRE FOR BIOTECHNOLOGY

F. No. RCB/ATN/10/17-18

EXPRESSION OF INTEREST

As part of Pre-Indenting Process for FE-SEM likely to be procured, we invite technical details from interested bidders (manufacturers or their authorized dealers, Indian Agents etc.). The specifications shall be finalized after going through technical literature of various manufacturers. Technical details are invited for a high resolution, high performance FE-SEM and necessary accessories with required software. The entire system should be capable of conventional SEM and serial block face imaging for biological samples. The system will be used for high resolution imaging of biological samples and EDS analysis for elements. No further advertisement shall be made regarding procurement of this system and no further communication will be entertained once the specifications are finalized after due evaluation
