

PhD (integrated) Program MSc-PhD BIOTECHNOLOGY

United Nations
Educational, Scientific and
Cultural Organization

क्षेत्रीय जैव प्रौद्योगिकी केन्द्र
Regional Centre
for Biotechnology

Eligibility

Regional Centre for Biotechnology is an Institution of National Importance created through an Act of Parliament by the Department of Biotechnology, Govt. of India under the auspices of UNESCO.

Indian and foreign students holding a graduate degree or those expected to complete by June 2020 in any field of science, technology or engineering for admission to the MSc-PhD integrated degree program 2020.

Indian applicants are required to register online and appear for the JGEEBILS test to be conducted by the NCBS-TIFR in December 2019. A separate online application is then required to be made to RCB. RCB will conduct an interview of shortlisted candidates based on JGEEBILS score.

Foreign applicants can apply online directly along with scanned copy of transcripts and the shortlisted candidates will be interviewed through skype.
